Chair Andreson and Members of the Hopkins School Board,

Attached is the final information packet referenced in the cover memo.

We have previously notified the Board of concerns relating to Michael Thomas and have not received any response. We are making this final attempt to provide the Board with a consolidated picture of the scope of our concerns before we move outside the governance channel.

The packet begins with a short cover memo, followed by the June 15 sent-email render and the record-correction packets formally sent since June 10, 2026.

Please confirm receipt and that this packet will be provided to the full Board and any appropriate governance or legal review channel.

Respectfully,

---
