Dear Chair, Members of the School Board, and Dr. Wagner:

Attached is a Board governance notice and Policy 103 complaint concerning the HOMS / Title IX process-collapse, integrity-breakdown, and finality-failure record universe.

Please preserve and route this notice to the full Board, Dr. Wagner, the current Responsible Authority or authorized designee, the Data Practices Compliance Official, the District's insurer, risk pool, claims administrator, coverage counsel, or other risk-management provider as applicable, and the administrator/investigator responsible for any Policy 103 or more specific policy procedure.

This transmission and its attachment contain private data about me and my minor child, including private education data. I do not consent to sharing, forwarding, review, consultation, disclosure, or use outside the District except to persons or entities the District has determined and can identify as category-mapped to a valid FERPA/MGDPA access basis for the relevant record universe.

Any Board auto-acknowledgment will be treated as receipt/routing evidence only, not as a merits response.

Respectfully,
