Dear Chair, Members of the School Board, and Dr. Wagner:

Attached is a Board governance notice and Policy 103 complaint concerning Robert Cothorn's June 11, 2026 PLSAS Data Requests email and the District's policy-controlled records-response conduct.

Please preserve and route this notice to the full Board, Dr. Wagner, the current Responsible Authority or authorized designee, and the administrator/investigator responsible for any Policy 103 or more specific policy procedure. I would also appreciate clarification of who is currently acting as the District's Responsible Authority, acting Responsible Authority, or authorized designee for pending MGDPA/FERPA access and correction matters.

This transmission and its attachment contain private data about me and my minor child, including private education data. I do not consent to sharing, forwarding, review, consultation, disclosure, or use outside the District except to persons or entities the District has determined and can identify as category-mapped to a valid FERPA/MGDPA access basis for the relevant record universe.

Any Board auto-acknowledgment will be treated as receipt/routing evidence only, not as a merits response.

Respectfully,
